# PREFACE

Music has been a part of the University of Toronto for more than a hundred and fifty years. The first Bachelor of Music degree was granted in 1846 and the present Faculty of Music was established in 1918, the first faculty at a Canadian university for the scholarly and professional study of music. Over the years our graduates have come to occupy important positions in virtually every major musical organization in Canada and throughout the world from Berlin to Hong Kong, from Cleveland to Auckland.

The Edward Johnson Building, home of the Faculty of Music, is located on the main campus of the University of Toronto in midtown Toronto, on a subway line, and close to the city's libraries, concert halls, galleries, museums and theatres. The music library is the major research music collection in Canada and includes a vast collection of sound recordings in the Sniderman Recording Archives. The MacMillan Theatre is a fully equipped opera house; Walter Hall is one of the city's major chamber music halls. But a music school finally depends on the people in it, and the staff of the Faculty of Music is made up of the finest scholars, composers and performers with outstanding reputations in Canada and abroad.

With only about 550 students, we remain a relatively small school, one where there can be close association among students and between students and teachers. At the same time we are large enough to offer an extraordinary variety of opportunities for learning and for experiencing all kinds of music. There is not a day without a lecture, seminar, masterclass or performance of special note; our chamber ensembles, orchestra, baroque orchestra, contemporary music ensemble, opera program, concert band, wind symphony, jazz ensembles, chamber singers, concert choir, women's chorus and university chorus provide all students with the

practical opportunities both to perform and to hear a vast range of musical repertoire as part of their studies within the Edward Johnson Building. And outside our building students have access to the entire intellectual resources of the University of Toronto, and the brilliant international concert life of the city of Toronto.

Whether your interest is to be a composer, a scholar, a performer or a teacher, this Calendar will provide all the basic information about our programs, entrance requirements, scholarships and teaching staff. Should you have further questions, please write to the Admissions Office, Faculty of Music, University of Toronto, Toronto, Ontario M5S 2C5. We will be happy to hear from you.

# IMPORTANT INFORMATION

## Changes in Programs of Study

Programs of study listed and described in the Calendar are available for the years to which the Calendar applies. They may not necessarily be available in later years. If the University or Faculty must change the content of programs of study or withdraw them, reasonable advance notice and alternative instruction will be given. The University, however, will not be liable for any loss, damages, or other expenses that such changes might cause.

## Changes in Courses

For each program of study offered by the University through the Faculty of Music, the courses necessary to complete the minimum requirements of the program will be made available annually. We must, however, reserve the right otherwise to change the content of courses, instructors and instructional assignments, enrolment limitations, prerequisites and corequisites, grading policies and timetables without prior notice.

## Changes in Regulations and Policies

The University has several policies that are approved by the Governing Council which apply to all students. Each student must become familiar with the policies. The University will assume that he or she has done so. The rules and regulations of the Faculty of Music are printed in this Calendar. Applicable University policies are either published here in full, or in a condensed version, or are listed. In applying to the Faculty of Music the student assumes certain responsibilities to the University and the Faculty and, if admitted and registered, shall be subject to the rules, regulations and policies cited in the Calendar.

## Calendar Limitations

The University makes every reasonable effort to plan and control enrolment to ensure that all of our students are qualified to complete the programs to which they are admitted, and to strike a practicable balance between enrolment and available instructional resources. Sometimes such a balance cannot be struck and the number of qualified students exceeds the instructional resources that we can reasonably make available while at the same time maintaining the quality of instruction. In such cases, we must reserve the right to limit enrolment in the programs, courses or sections listed in the Calendar, and to withdraw courses or sections for which enrolment or resources are insufficient.

## Copyright in Course Lectures

Students wishing to tape-record, photograph, video-record or otherwise reproduce lecture presentations, course notes or similar materials provided by instructors, must obtain the instructor's written consent beforehand. Otherwise, all such reproduction is an infringement of copyright and is absolutely prohibited. In the case of private use by physically disabled students, the instructor's consent will not be unreasonably withheld.

## Student Number

Each student at the University is assigned a unique and confidential identification number, access to which is strictly controlled through the Policy on Access to Student Records. The University assumes and expects that students will protect the confidentiality of their student number.

## Tuition and Incidental Fees

The University reserves the right to alter the fees and other charges described in this Calendar.

## Sessional Dates

All students should refer to the list of Sessional dates to avoid incurring academic or financial penalties.

# STUDENT SERVICES

## UNDERGRADUATE ASSOCIATION

The Undergraduate Association is the official undergraduate organization in the Faculty of Music. The object of the Association is "to promote the interests of undergraduates in the Faculty of Music, to cultivate relations between the faculty and the student body in University activities, and to further goodwill among the members themselves."

Officers are elected annually, and along with appointed committee chairpersons, form the Executive Committee. Various standing committees are responsible for planning and coordinating a number of student functions. The President of the Association is an ex-officio member of the Faculty Council, and the Association organizes the election of student members to Council. Telephone: 978-0313

## COUNSELLING, ADVICE AND HELP

Students may seek advice and help from many sources within the Faculty and the University. In the Faculty of Music the Associate Dean and Registrar are always willing to talk with students on any matter of concern: academic, emotional, financial, domestic or personal problems.

Students having difficulties with any course should not hesitate to bring this to the attention of the instructor. The Divisional Coordinators are also most interested in helping with academic problems. The **University of Toronto Student Health Service** offers a comprehensive range of medical assistance that includes counselling for emotional and psychiatric problems. This service is completely confidential and does not become part of a student's academic file. The Health Service is located in the **Koffler Student Services Centre, 214 College Street. (978-8030 Medical; 978-8070 Psychiatric.)** There is no charge to students for this Service.

Also in the Koffler Centre is the **Counselling & Learning Skills Service (978-7970)** where students may receive special counselling for personal and emotional matters. Trained counsellors will also help with "exam anxiety" and offer advice on learning skills.

Students are encouraged to seek help as soon as a problem becomes apparent. There may be a simple solution immediately available; it is always wise to act promptly.

## SPECIAL SERVICES TO PERSONS WITH A DISABILITY

Special Services offers liaison with academic and administrative departments and off-campus agencies. The service provides advocacy and support for students with a wide range of disabilities and health considerations and incorporates a learning disability division. Facilities include provision of adaptive devices and equipment, tutoring, notetaking and alternative exam conditions for those eligible, on-campus transportation where appropriate, access to computer labs, and personal and career counselling. The objective of the service is to facilitate the inclusion of students with special needs into all aspects of university life. Students are encouraged to discuss their individual needs with a member of the Special Services staff, and all discussions are confidential.

The office is located at **214 College St., Toronto, Ontario. M5T 2Z9. (416) 978-8060 (Voice) or (436) 978-1902 (TDD) or Fax # (416) 978-8246**

## CAREER CENTRE

The Career Centre, located in the Koffler Student Services Centre, provides career counselling and employment services to students and recent graduates. Counsellors are available to assist students in the investigation of careers, clarification of goals and the development of employment-related skills, through workshops and individual appointments. The Career Resource Library is a valuable resource in the formulation of career plans and in the search for employment. It includes calendars for universities and colleges in Canada, the U.S., and overseas, as well as a wealth of information on occupations, career planning and related subjects. During the academic year, the Centre sponsors a series of Career talks at which people from the professions and other fields discuss their career areas. Permanent employment is available to graduating students through the On-Campus Recruitment Program which runs from September until March. After that, recent graduates

may seek employment through the Permanent Employment Service. Summer and part-time jobs are also posted at the Centre.

## UNIVERSITY HOUSING SERVICE

The Housing Service maintains a list of U of T on-campus residences and other accommodation off-campus. Residence information should be requested well in advance and applications should be returned to the appropriate residence office as quickly as possible.

Many students arrange temporary housing in advance of arriving in Toronto, then make use of the Housing Service files to locate more appropriate accommodation. A rental period beginning August 1st (or Oct 1st) avoids the September 1st crush. It generally takes from one to three weeks to complete a satisfactory off-campus rental agreement. A list of temporary housing is available at the Housing Service on request.

**University Housing Service, Koffler Student Services Centre, University of Toronto, Toronto, Ontario M5S 1A1, (416) 978-8045 Fax (416) 978-1616**

## OFFICE OF THE UNIVERSITY OMBUDSPERSON

The University ensures that the rights of its individual members are protected through the Office of the University Ombudsperson which investigates complaints against the University, from any member of the University. The Ombudsperson offers advice and assistance with problems unresolved through regular University channels, and can recommend changes in academic or administrative procedures where this seems justified. The Ombudsperson has access to all relevant files and information, and to all appropriate University officials.

All matters are handled in confidence unless the individual involved approves otherwise. The Ombudsperson is independent of University administrative structures, and is accountable only to the Governing Council. **Office of the University Ombudsperson, University of Toronto, 16 Hart House Circle, Toronto, Ontario M5S 1A1, 978-4874**

The University of Toronto does not tolerate any form of sexual harassment and is actively endeavouring to provide an environment free of it.

The Sexual Harassment Education, Counselling & Complaint Office was established to educate the University community on this issue. The Sexual Harassment Officer also provides counselling to those people who are the object of unwanted sexual attention and to those who are alleged to have sexually harassed someone.

The services of the Sexual Harassment Office are available to all members of the University. All complaints and requests for information are kept completely confidential unless the individuals involved approve otherwise.

To receive further information, or to file a complaint, contact the **Sexual Harassment Education, Counselling & Complaint Office, University of Toronto, 40 Sussex Ave, 3rd floor, Toronto, Ontario M5S 1J7. (978-3908).**

The Family Care Advisor provides counselling and referral services to students who require child care, elder care or other forms of assistance with family responsibilities. Additional services include support groups, a newsletter and guest speakers. The drop-in resource centre contains a library of material on family issues.

The Family Care Advisor and the Resource Centre are located on the second floor of 40 Sussex Ave. Office hours are limited. Telephone (416) 978-0951 to arrange an appointment.

# FINANCIAL ASSISTANCE

The Faculty of Music offers a broad range of scholarships and awards to registered students, and has available a Bursary fund to assist those students requiring financial aid.

Students entering first year in the Faculty of Music undergraduate programs are also eligible for University of Toronto Admission Scholarships; application information is available in most Ontario secondary schools or may be obtained from the University of Toronto's Office of Student Awards.

During the academic year students may take advantage of employment opportunities within the Faculty of Music: orchestra manager/librarians, house managers, cloakroom attendants, ushers, library assistants, occasional office assistance. Requests for student musicians for events within the University are also posted. Details are available in the Office of the Associate Dean, or the Library (for student assistants).

Students should understand that they themselves must bear the cost of attending university and should not depend on receiving bursaries and/or scholarships from the Faculty of Music or the University of Toronto. It is the policy of the University that students needing financial assistance should consider the first means of help to be their governments' student aid schemes.

# DESCRIPTION OF UNDERGRADUATE COURSES

## COURSE CODES

The 3-letter prefix normally indicates the Division responsible for the course. The first number designates the year level. Duration of the course is shown by the letter following the course numbers:

Y = 26 weeks, two terms

F = 13 weeks, first term only

S = 13 weeks, second term only

H = half course, may be offered in either term, or through both terms.

Consult the annual timetable for details.

A = full course, first term

B = full course, second term

C = offered only in the summer

## COURSE WEIGHTS – UNIT VALUES

Each undergraduate course offered in the Faculty of Music is assigned a unit value. Generally, a 3–unit course is the equivalent of a full course in the Faculty of Arts & Science, with one unit representing one hour per week. This does not apply, however, to many courses in Music Education, Theory, and Performance, particularly with reference to Applied Music and Performing Ensembles. Course descriptions and the annual timetable will provide specific details on course weights and unit values.

## OPERA EDUCATION

Two non-credit courses in Opera, its literature and background, open to members of the Toronto community.

# REGISTRATION AND ACADEMIC REGULATIONS

## REGISTRATION

Each student must register in the Edward Johnson Building in September as specified in the Schedule of Dates. Detailed information concerning course selection, auditions, placement tests, etc., will be mailed to returning and newly admitted students in the summer months.

**The Faculty of Music reserves the right to withdraw courses listed in this Calendar, limit course enrolment, or make substitutions in a student's academic program, without giving prior notice.**

The auditing of courses is not permitted in the Faculty of Music.

### Confirmation of Courses

Students will be asked to check their courses in October to ensure that records are correct. In confirming courses, students are required to accept responsibility for their course registrations by signing and dating the program sheet.

### Course Changes

Students are advised to consult the Schedule of Dates (page 3) to ascertain the dates by which courses may be added or dropped. Course change forms are obtainable from the Registrar's Office.

### Applied Music and Major Ensemble

All students should be prepared for a placement audition during Registration Week. This audition determines the student's assignment to a performing ensemble and, for those registering for the first time, to an applied music teacher. **These assignments are at the discretion of the Performance Division.**

All voice, string, wind and percussion students must audition in their major performance medium. Incoming piano and voice students will be required to perform a voice audition for choral placement. Wind, string and percussion students are required to participate, on their major instruments, in a major ensemble, as assigned by the Performance Division.

### Transfer and Withdrawal

Students wishing to change programs within the Faculty or University should consult with the Registrar. A student may withdraw from the Faculty and the University up to February 13th without incurring academic penalty.

### Letter of Permission (Study Elsewhere)

Students wishing to complete one or more courses at another university, for credit towards a Faculty of Music degree or diploma, must apply **in advance** to the Registrar. Calendar descriptions and course outlines must be provided. An official Letter of Permission will be issued only for courses relevant to the student's program and deemed to be fully equivalent to an appropriate University of Toronto course. **Credit will not be given for courses taken elsewhere without a Letter of Permission from the Faculty of Music.** A fee of \$30 is levied for such letters.

## FINAL EXAMINATIONS

Final examinations are held in April and May (for Y,S,H and B courses). Final examinations for F and A courses are held in December. Refer to the Schedule of Dates (p.3) for details of the current year's exam dates.

**Students must not make travel or other commitments that will conflict with the final examination schedule.**

**Misreading of the examination timetables will not be accepted as grounds for petitions or academic appeals.**

**Missed exams, due to illness: see page 40, Aegrotat Standing.**

## RECITAL / APPLIED MUSIC EXAMINATION DEFERRALS

Students prevented from completing an Applied Music final examination or Recital because of a medical condition may Petition to have the examination deferred. The deadline for completing the deferred examination is October 31st of the next academic year. Should the medical disability persist beyond this date, the student may not remain registered in any courses remaining performance (e.g. Applied Music, Ensembles etc), but may petition for special consideration and/or part-time status, after discussion with the Performance Division and the Registrar.

### 1 Standing in a Course

Standing in a course requires a final mark of 50% or higher. The Faculty of Music uses the following grading system, excepting courses for which CR (Credit) or NCR (No Credit) apply:

Grade Meaning	Letter Scale	Grade Point Value(GPA)	Numerical Scale of Marks
Excellent	A+	4.0	90-100%
	A	4.0	85-89%
	A-	3.7	80-84%
Good	B+	3.3	77-79%
	B	3.0	73-76%
	B-	2.7	70-72%
Adequate	C+	2.3	67-69%
	C	2.0	63-66%
	C-	1.7	60-62%
Marginal	D+	1.3	57-59%
	D	1.0	53-56%
	D-	0.7	50-52%
Inadequate	F	0.0	0-49%

### 2 Standing in a Year

To receive standing in any year, a student must obtain an overall average of 60% (GPA=1.5) or higher, based on the above scale.

A graduating student who obtains a cumulative average of at least 80% (GPA = 3.5) in the will graduate "With Honours".

### Failure in First Year

A student who fails first year must reapply for admission through the Registrar and will be considered with other first year applicants; re-acceptance is not automatic. A student repeating first year must achieve a cumulative GPA of atleast 1.5 in the second attempt. Failure to do so will result in suspension from the Faculty.

### Probationary Status

A student continuing **beyond** first year whose cumulative average is in the range of 50-60% will be placed on probation. A student with an average below 50% may be suspended from the Faculty. Failure to achieve a cumulative GPA of 1.5 or better at the end of the probationary year will result in suspension from the Faculty for at least one year. A degree or diploma will not be granted if the cumulative GPA is below 1.5.

A student who fails prerequisite courses may find he/she is unable to enrol in a full program of the next higher year.

## PETITIONS, APPEALS, AND REREADING OF PAPERS/EXAMS

### 1 Petitions

A student seeking exemption or other variations from academic regulations during the school year should apply to the Registrar (Room 108) for a petition form. Students must consult with the Registrar to ensure that a petition is clearly worded and appropriate.

The student prepares a written statement:

- stating clearly the special consideration requested;
- stating clearly the reason(s) why the student believes an exception to the rules is appropriate; and
- appending supporting documents (letters, medical certificates, etc.)

Medical certificates submitted must indicate the following:

- that the student was examined at the time of the illness;
- the nature of the illness and duration of the debility;
- the physician's professional opinion as to whether the student should receive special consideration on medical grounds.

Upon completion, the petition should be submitted to the Registrar for presentation to the Petitions Committee. Students are notified in writing of the decision.

If the petition is denied, the student may re-petition within 30 days on submission of further evidence.

### 2 Academic Appeals

This Committee deals with appeals of final grades and other matters concerning academic standing. It also, as the higher appeal body within the Faculty, will hear appeals relating to a petition twice rejected.

#### Procedures

- 1 A student wishing to appeal must first arrange an interview with the instructor and/or divisional coordinator to attempt to resolve the matter.
- 2 If the student wishes to make a formal appeal, he/she will meet with the Registrar to discuss its preparation.
- 3 **Time Limit - Appeals must be submitted within 42 days of the issuing of the Official Statement of Results or the date of decision of a re-petition.**
- 4 The appeal must state the nature and grounds and must be accompanied by any supporting documents or material.
- 5 Receipt of the appeal will be acknowledged by the Chair of the Academic Appeals Committee by letter, which will state the date, time and place of the meeting and will be sent at least two weeks prior to the meeting date.
- 6 The student has the right to appear before the Academic Appeals Committee, with or without an advisor. If the student intends to be accompanied by an advisor this must be communicated on the notice of the appeal.
- 7 The Academic Appeals Committee is required to arrive at a majority decision and this decision, together with reasons for the decision, will be sent to the student within two weeks of the hearing of the appeal.
- 8 Any further appeal must be initiated by filing a notice of appeal with the Secretary of the Academic Appeals Board of Governing Council of the University of Toronto **no later than ninety days** after the decision from which the appeal is being taken has been communicated in writing to the student.

### 3 Rereading of Papers/Exams

A student may request a rereading of a paper or examination by submitting a petition form to the Registrar within six months after the final examination period. A student fee of \$35.00 is levied for this service and is refundable if there is a decision in the student's favour.

#### AEGROTAT STANDING

If the ability of a student to complete a course is affected by illness or domestic problems beyond his/her control, a petition may be made for

special consideration. If there are adequate grounds, the Faculty will determine the status of the work already done and the steps that must be taken to complete the course. Alternatively, a recommendation may be made by the Faculty to grant Aegrotat Standing in the course. **Petitions must be filed with the Registrar on or before the last day of the relevant final examination period**, together with a medical certificate including the statement that the student was examined at the time of the illness, or other relevant documentation. If necessary, the medical certificate or documents may follow, but the petition must be submitted before the examination period ends; **late petitions will not be considered.**

Aegrotat Standing in a course carries the "AEG" designation on the official transcript; no numerical or letter grade is assigned.

The Faculty of Music reserves the right not to grant Aegrotat Standing more than once to any one student.

### ATTENDANCE AND UNSATISFACTORY WORK

Students whose attendance or work is deemed to be unsatisfactory may have their registration cancelled at any time by the Faculty. The Council may suspend a student from registration in the Faculty for a given period of time not exceeding two years for unsatisfactory work. The student must then reapply for admission.

### OPTIONAL RECITALS

Students wishing to give recitals that are not required as part of their programs must receive permission from their Applied Music instructor and the Performance Division.

### PERFORMING ENGAGEMENTS

During the academic year many students wish to take advantage of performing opportunities that may enhance and complement their studies in the Faculty of Music. Should a scheduling conflict arise because of a performing opportunity, this must be reported to the Performance Division, where an attempt will be made to resolve the problem. Students must realise, however, that academic obligations take priority over any outside engagement. The Performance Division requires that students complete, *well in advance*, an Outside Engagement form if an absence from the Faculty of Music is to be requested.

Depending upon the length of the master's program (one or two years), students are required to take either six or three full courses (or equivalent), including MUS 3300Y (*Mus.Doc. Advanced Composition*), its continuation, MUS 3305Y, and a full course (or equivalent) in advanced analysis/research chosen in consultation with the advisory committee. Students entering from outside the University of Toronto will be given diagnostic tests in analysis, counterpoint and harmony, the results of which may be additional course requirements. Upon completion of the course work, students are required to present a recital of original works to the satisfaction of the Department. In some cases professional quality tapes of performances that in total form the equivalent of a full recital may be substituted. The thesis for the Doctor of Music is an extended composition approved by the Department, prepared under the supervision of an advisory committee and defended at the final oral examination.

### MUSIC EDUCATION

#### Mus.M.

Applicants for the Mus.M. degree in music education will normally be required to have had TWO years of teaching experience, although this requirement may be waived at the discretion of the Department. An interview with the music education faculty must be scheduled whenever possible (an assigned essay may be substituted for the interview with

Departmental approval). Appropriate letters of reference (at least TWO) commenting on professional performance and promise are also required.

Candidates may proceed to the Mus.M. degree in music education by a program of either full-time or part-time study. Four full courses or eight half courses are required for the degree. Candidates must select a minimum of five half courses in music education offered by the Graduate Department of Music, including MUS 2111H (*Research Methods in Music Education*) and MUS 2151H (*Philosophical Foundations of Music Education*). Elective courses may be chosen from the M.A./Ph.D./Mus.M./Mus.Doc. courses of instruction or / and other appropriate divisions of the School of Graduate Studies, subject to the approval of the Department.

A major essay (MUS 2900Y) may be substituted for one full course under two conditions: (i) the successful completion of MUS 2199H (*Special Topics in Music Education*), including the successful completion of an assigned research paper; and (ii) Departmental approval. The program of course work must be organized in conference with the candidate's advisor.

All graduate music education courses are offered on Saturday or after 4:00 p.m. weekdays, from September to April. Graduate music education courses are not available during the summer. However, elective courses may be taken in the summer in other divisions of the Graduate School subject to Departmental approval.

At an appropriate time approaching the mid-point of course work, the Department will review and assess the student's progress toward the degree.

A comprehensive examination is required upon completion of the candidate's course work. The comprehensive examination includes both written and oral sections. Candidates are required to pass Part I (two sections), the Written Examination, before proceeding to Part II, the Oral Examination.

#### Ph.D.

A total of six full courses is required, up to three of which may be from an acceptable Master's degree program in music education. At least two full courses or equivalent (including MUS 2995Y *Music Education Doctoral Research Project*) must be taken from the Departmental offerings in music education. With approval of the Department, up to one full course may be taken from the M.A./Ph.D./Mus.M./Mus.Doc. list and/or from another Department in the School of Graduate Studies. Upon completion of the course requirements, all candidates must pass a comprehensive examination in music education. Language requirements, if any, will be established by the student's advisory committee, based on specific research needs.

Upon successful completion of the comprehensive examination, the candidate proceeds to complete: (i) an oral defence of the thesis proposal, (ii) a thesis under the direction of an advisor, and (iii) an oral defence of the thesis at a final examination.

### MUSICOLOGY

**(Historical Musicology, Ethnomusicology, Music Theory)**

#### M.A.

Depending on the relative strength of their undergraduate degrees, applicants will be admitted to either a one-and-a-half or a two-year program. In the one-and-a-half year program candidates are required to take a mini-

num of nine half courses or the equivalent. Those admitted to the two-session program will be required to take a minimum of twelve half courses. All students will take *Introduction to Music Research I/II (MUS 1000F/1001S)* in the first year. The course requirements include a final oral examination before a committee.

Elective courses may be taken in historical musicology, ethnomusicology and/or music theory. With the consent of the Department, up to one full course or equivalent may be taken in a Graduate Department other than music.

One language other than English is required. Ordinarily this would be German, except by petition to the Department.

### **Ph.D.**

The Ph.D. is a research degree, offered in four general areas: historical musicology, ethnomusicology, theory, or a combination of these. Candidates must take a minimum of one-and-a-half courses beyond the M.A., including the two *Ph.D. Seminars* and *Research in Musicology*. A minimum of one year of residency is required, and the total maximum program length is six years.

As early as possible in the first year, the candidate will submit a thesis proposal, which must be approved by the end of that year. On approval of the subject by the Department, a principal advisor and an advisory committee of at least three members (including the advisor as chair) will be appointed. Depending upon the candidate's background and preparation in relation to the established research topic, the committee may require additional language(s) and courses.

The candidate will prepare a thesis under the direction of the advisor and advisory committee and will defend the thesis at a final examination. The thesis, including bibliography and appendices, but excluding musical examples, should not exceed 75,000 words.

## **PERFORMANCE**

### **Mus.M. \***

The current Mus.M. in performance is a one-year program requiring two full courses, two recitals, and a final oral examination in music literature with special emphasis on the student's major performing medium. Students are encouraged, though not required, to participate in Faculty of Music performance ensembles.

Registration in the program, with payment of regular School of Graduate Studies fees, entitles the student to 24 one-hour private lessons on the student's major performing medium (instrument or voice). This is a 12-month program which begins in September. **Students who take longer than one full year to complete the program should be prepared to pay the cost of additional lessons, as well as the normal fees required by the School of Graduate Studies.**

### **PERFORMANCE — WITH CONCENTRATION IN VOCAL AND INSTRUMENTAL CHAMBER MUSIC**

This course is designed for pianists intending to make chamber music and accompaniment the principal focus of their professional careers. Those accepted into this program are required to perform two recitals chiefly of major chamber and vocal works. The repertoire to be studied and performed will be determined by the candidate in consultation with the major teacher and the Department. At least one large-scale solo piano piece must be included in one of the recitals.

### **PERFORMANCE — WITH CONCENTRATION IN HISTORICAL PERFORMANCE**

Students with particular interest and experience in historical performance may choose to take the Master's degree in performance with this special option. These students will take two full courses, including a full course equivalent in performance practice and its application. Each student will present two recitals of solo and ensemble repertoire. Following the second recital, students take an oral examination.

*\* Requirements for the Mus.M. in Performance are currently being revised. Details will be available in the Fall of 1998.*

### **ADVANCED CERTIFICATE IN PERFORMANCE**

The Advanced Certificate is designed as an intensive one year full-time program which allows graduate level students to focus on the development of practical music skills. The Advanced Certificate requirements include one recital, applied study (24 lessons/year) and appropriate ensemble, performance, literature or chamber ensembles selected in consultation with the Performance Coordinator. A selection of available courses and ensembles are listed on page 41, but students admitted into the Certificate program should construct a curriculum of studies in consultation with the Performance Coordinator and the assigned music instructor.

## **DESCRIPTION OF COURSES (GRADUATE)** **OFFERED 1998-99**

### **M.A./PH.D. - MUSICOLOGY**

#### **MUS1000F Introduction to Music Research I** *C. Clark*

Studies in historical, analytical and critical methods with a view to exposing different approaches to research; investigation of reference books and music editions; bibliographical and organizational problems in preparing music papers.

#### **MUS1001S Introduction to Music Research II** *J. Mayo*

An examination of current critiques of traditional historical musicology. This course will investigate a number of topics loosely contained within the presently fashionable term 'New Musicology.' It will look at the justifications for questioning the musicological canon and it will attempt to measure the success of studies that have borrowed strategies and methods from literary, cultural and sociological research.

#### **MUS1228S Wagner** *R. Falck*

This course will focus on the *Ring of the Nibelungen*. Topics to be considered are: (1) the mythic and epic background (the *Eddas* and the *Nibelungenlied*); (2) 19th-century literary and dramatic treatments of the material in German; (3) older and newer secondary literature on the *Ring*; (4) Wagner's own theoretical writings on music drama from the years around 1850 and, finally; (5) the scores and texts themselves.

#### **MUS1235F Music Between the Wars** *R. Falck*

This course will explore music in the period 1914-1945, or, more narrowly, 1918-1939. We will consider questions both of style and genre, and how each was influenced by ideology, especially the new ideologies of the day. Writings about music, both theoretical and polemical, will also be examined, as well as the impact of new technologies such as recording, radio broadcasting and sound film. Organizations devoted to the propagation of new music and the periodicals which furthered their causes are also a new phenomenon of the years in question. We will begin and end with a look at music composed during, and reacting to, each war.

#### **MUS1237S Saints: Musical Settings** *A. Hughes*

This course will explore how texts for saints are set to music, up to about 1500. Prerequisite: Permission of the instructor.

#### **MUS1238S Transcription and Analysis in Ethnomusicology**

*J. Kippen*

A study of methods of transcription and their role in ethnomusicological analysis. Students will also undertake regular transcription and analysis assignments drawn from various world music systems, and this will lead to in - depth investigations of several music traditions and their cultural contexts.

#### **MUS1239F Ars Subtilior** *T. McGee*

A study of the late fourteenth-century French polyphonic repertory known as 'Ars Subtilior' and its relationship to the 'Ars Nova' and the repertory of the early fifteenth century, including relevant theoretical treatises.

#### **MUS1240F Germany and the Importation of National Styles, 1600-1725** *G. Johnston*

The seminar will focus on aspects of foreign influence - particularly from Italy and France - on German music, from the beginning of the Baroque to ca. 1725. The aims of the course are not only to identify foreign influences in Germany, but to consider what routes these influences

followed, when they appeared in German music and in what contexts, and to what extent they are modified to suit existing German practices. The topics themselves will be determined to some extent by the interests of participants, and will include various elements of theory, composition, and practice.

#### **MUS1250F PhD Seminar I** *Staff*

Research seminar in musicology for doctoral students. Some topics to be selected by the instructor, and others will be determined by the research interests of the participants.

#### **MUS1251S PhD Seminar II** *Staff*

Continuation of the above.

#### **MUS1317F Music in Canada** *C. Morey*

This seminar will deal with various aspects of the history of music in Canada through a group of research topics that will be determined, in part, by the specific interests of the participants. The topics will be related (by time, place, or subject material) and will be developed from primary resources. Because there is so little secondary material on the history of music in Canada, the seminar will offer the possibility of primary study in a way not always possible in musicology at the seminar level.

#### **MUS1320F Topics in the History of Music Theory before 1650** *W. Bowen*

Through close examination of selected topics in both *musica theorica* and *musica practica*, that is, in both speculative and practical music theory, this seminar introduces central issues in music discourse from classical antiquity to the middle of the seventeenth century. Hence topics will range from such philosophical issues as the definition of musical or cosmic harmony to practical matters of composition. Emphasis will be placed on the study of primary sources (in translation), but some attention will be paid to modern commentaries.

#### **MUS 1321S Topics in the History of Music Theory, 1650-1935 /** *D. Beach*

This course will be divided into two segments: the first will involve selected readings in assigned topics, including various approaches to counterpoint instruction, the development of figured bass, theories of harmony, emergence of theories of musical form, music and rhetoric, and musical analysis; the second will be defined by the research interests of the students, who will present their findings both orally and in a research paper.

#### **MUS1990H M.A. Major Paper** *Staff*

#### **MUS1999H Research in Musicology** *Staff*

Independent research by doctoral students, under the supervision of a faculty advisor.

#### **JMI1951H Italian Musical Theatre of the Baroque and Classical Periods** *M.A. Parker and D. Pietropaolo*

An analysis of selected operas and dramatic oratorios of the seventeenth and eighteenth centuries, including an examination of music, libretto, and early production history. # UNIVERSITY POLICIES

## UNIVERSITY GRADING PRACTICES POLICY

**Purpose** The purpose of the University Grading Policies is to ensure:

- (a) that grading practices throughout the University reflect appropriate standards;
- (b) that the evaluation of students is made in a fair, objective manner against these academic standards;
- (c) that the academic standing of every student can be accurately assessed even when courses have been taken in different divisions of the University and evaluated according to different grade scales.

### Application of Policy

The Policy applies to all individuals and committees taking part in the evaluation of student performance in degree, diploma, and certificate credit courses (hereafter referred to as courses), excluding courses in the School of Graduate Studies.

### Amendment to Policy

Amendments to the Policy shall be recommended to the Academic Board. Changes to the divisional regulations on grading practices shall be forwarded to the Committee on Academic Policy and Programs.

### Distribution of Policy

A copy of the Grading Practices Policy as well as the description of the grade scale used in a division and the substance of divisional regulations indicated in Part II of this Policy shall be published in the Calendar of the division. Similarly a copy shall be given to all students upon initial registration and to all instructors and others, including teaching assistants, involved in the evaluation of student performance.

The Policy is in three parts: Part I deals with grades, Part II outlines grading procedures to be adhered to in divisional regulations adopted as part of this Policy, and Part III is an administrative appendix available upon request from the Office of the Vice-President and Provost.

## PART I GRADES

**Meaning of Grades** Grades are a measure of the performance of a student in individual courses. Each student shall be judged on the basis of how well he or she has command of the course materials.

**I.1** A grade assigned in a course is not an assessment of standing within a program of studies. To determine the requirements for credit and standing in a program of studies, the academic regulations of the division in which the program is offered should be consulted.

**I.2** Grades for each course shall be assigned with reference to the following meanings (which may be expanded in the divisional regulations under Part II):

*Excellent      Good      Adequate      Marginal      Inadequate*

### Grade Scales

**I.3** Once a judgement on the performance of the student has been made, the following grade scales are to be used:

- (a) the refined letter grade scale A+, A, A-, B+, B, B-, C+, C, C-, D+, D, D-, F;
- (b) the numerical scale of marks, consisting of all integers from 0 to 100;
- (c) for graduate divisions only, a truncated refined letter grade scale in which FZ replaces the C, D and F grades in (a) above and/or
- (d) the scales Honours/Pass/Fail and Credit/No Credit

### Grades vs Scores

**I.4** Grades should always be based on the approved grade scales. However, students may find that on any one evaluation they may receive a numerical or letter mark that reflects the score achieved on the test or essay. The cumulative scores may not be directly identified with the final grade. Grades are final only after review by the divisional review committee described below.

### Grade Reporting

**I.5** Grades will be assigned according to the numerical scale of marks referred to in 1.3(b) above, and converted to the refined letter grade scale of 1.3 (a) above. In graduate divisions, grades may be assigned according to the truncated refined letter

grade scale of 1.3(c) above. The H/P/FL and CR/NCR scales of 1.3(d) above may be also used. However, the grades assigned in a course must all be from the same scale.

**I.6** All non-grade designators used in reporting course results must correspond to the University-wide standard.

**1.7** The information in grade reports and transcripts must be communicated to the user, whether within or outside the University, in a clear and meaningful way. To that end, transcripts must include:

- (i) an enrolment history, which traces chronologically the student's entire participation at the University,
- (ii) a "grade point average" based on a 4-point scale for all undergraduate divisions (Note: grade point average values will be assigned as follows: A+/A=4.0, A-=3.7, B+=3.3, B=3.0, B-=2.7, C+=2.3, C=2.0, C-=1.7, D+=1.3, D=1.0, D-=0.7, F=0.0),
- (iii) an average grade for each course expressed using the refined letter grade scale (Note: these calculations should be restricted to courses of a specific size),
- (iv) both the numeric mark and its letter grade equivalent, where possible, for all courses,
- (v) course weight values, expressed using a uniform system of values allowing for the relative values needed by each division,
- (vi) transfer credits granted,
- (vii) academic honours, scholarships and awards sanctioned by the University,
- (viii) a comprehensive guide explaining all grades and symbols used on the transcript.

## PART II GRADING PROCEDURES

### Approval of Grades

Divisional Councils shall forward to the Committee on Academic Policy and Programs changes to their grading procedures. Grading procedures may be adapted to divisional circumstances on the recommendation of the Committee on Academic Policy and Programs, but such procedures must be consistent with the principles in this Policy.

Grades shall be recommended by the instructor to the chair or division head. The grades shall then be reviewed and approved following the divisional review procedure. Grades shall not be reported or released to students as official until the divisional review procedure has been carried out. The divisional review constitutes final approval of grades except when grades are changed on appeal.

### II.1 Divisional Review Committee

In each division, a committee chaired by the divisional head or a designate, and where appropriate, an additional committee structure, with the chairs (or their designates) of departments or other academic units of division serving as chairs shall:

- (a) administer the implementation of the University Grading Practices Policy at the divisional level and oversee the general consistency of grading procedures within the division;
- (b) formulate, approve, and administer the University's specific regulations concerning the grade scale or scales to be used, the assignment of non-grade designators for course work, classroom procedures and approved methods of evaluation;
- (c) review, adjust and approve course grades recommended by instructors. The grades recommended for any individual student in the professional faculties may be adjusted according to his or her performance in the course or program as determined by the committee. The divisional committee has the final responsibility for assigning the official course grade.

### II.2 Classroom Procedures

To ensure that the method of evaluation in every course reflects appropriate academic standards and fairness to students, divisional regulations governing classroom procedures must be consistent with the practices below.

- (a) As early as possible in each course (and no later than the division's last date for course enrolment), the instructor shall make available to the class, and shall file with the division or department, the methods by which student performance shall be evaluated. This should include whether the methods of evaluation shall be essays, tests, examinations, etc., the relative weight of these methods in relation to the overall score, and the timing of each major evaluation.
- (b) After the methods of evaluation have been made known, the instructor may not change them or their relative weight without the consent of at least a simple majority of the students enrolled in the course. Any changes shall be reported to the division or department.
- (c) Student performance in a course shall be assessed on more than one occasion. No one essay, test, examination, etc., should have a value of more than 80% of the grade. Criteria for exemption may be determined by the division.

- (d) In courses that meet regularly as a class there shall be an examination (or examinations) conducted formally under divisional auspices and worth (alone or in the aggregate) at least one-third of the final grade. Criteria for exemption may be determined by the division. The relative value of each part of an examination shall be indicated to the student. In the case of a written examination, the value shall be indicated on the examination paper.
- (e) Commentary on assessed term work and time for discussion of it shall be made available to the student.
- (f) At least one piece of term work which is part of the evaluation of a student performance, whether essay, lab report, review, etc., shall be returned to the student prior to the last date for withdrawal from the course without academic penalty.
- (g) Grades shall be recommended by the instructor in reference to the approved scales on the basis of each student's overall performance.

In formulating their own regulations divisions may add to items (a) to (g) and may adopt fuller or more specific provisions, for example in place of such terms as "a simple majority" (b) "one-third of the final grade" (d), or in particularizing the evaluation methods referred to in (a) and (b).

### II.3 Procedures in the Event of Disruptions

**Principles** The following principles shall apply in the event of disruption of the academic program:

- (i) The academic integrity of academic programs must be honoured; and
- (ii) Students must be treated in a fair manner recognizing their freedom of choice to attend class or not without penalty.

#### Procedures

- (a) The Vice-President and Provost, or the Academic Board, shall declare when a disruption of the academic program has occurred. The Provost shall take steps to inform the University community at large of the changes to be implemented, and will report to the Committee on Academic Policy and Programs regarding the implementation of the procedures and changes to the status of the academic programs.
- (b) Individual instructors or multi-section coordinators responsible for courses that are disrupted shall determine, as the disruption proceeds, whether any changes to classroom procedures are needed to complete the course.
- (c) Changes to the classroom procedures should, where possible, first be discussed with students prior to the class in which a vote of the students present on the proposed changes is to be taken. Changes agreed upon by consensus should be forwarded to the department or division with a report on the attendance at the class.
- (d) Where consensus on changes has not been arrived at, or where a vote is not feasible, the instructor, after class discussion, will provide the division head or chair of the department in multi-departmental faculties, with his or her recommendation, along with the results of any classroom votes. The chair or division head shall then make a decision.
- (e) Where classes are not able to convene, the instructor, with the prior approval of the chair in multi-departmental faculties of the division head, shall make changes deemed necessary to the classroom procedures. In the absence of the instructor such changes will be made by the divisional head and require the approval of the Provost. Where courses are to be cancelled, approval of the division council is required. If the divisional council cannot meet, approval of the division head, or in the absence of the changes in writing to the class, posting in the departmental and faculty offices, reporting to the divisional council, as well as listing in the campus press. Should classes resume students must be informed, at class, of any changes made during the disruption.
- (g) Where changes to the classroom procedures are made students who do not wish to complete the course under the revised procedures may withdraw without academic penalty. This must be done prior to the last day of classes.
- (h) Where students have not attended classes that are meeting, they nonetheless remain responsible for the course work and meeting course requirements. However, where possible, reasonable extension of deadlines for the course requirements, or provision of make-up tests shall be made and reasonable alternative access to material covered should be provided.
- (i) A student who feels, owing to his or her special circumstances, that changes to the classroom procedure have unreasonably affected his or her grade may appeal the

grade following the procedures as set out in each division.

### II.4 Assessment in Clinical and Field Settings

Divisions may make reasonable exemptions to the classroom procedures described above in circumstances such as field or clinical courses where adherence to these procedures is not possible. Nevertheless, it is obligatory that the assessment of the performance of students in clinical or field settings should be fair, humane, valid, reliable and in accordance with the principles enunciated in the University Grading Practices Policy. Accordingly, where a student's performance in a clinical or field setting is to be assessed for credit, the evaluation must encompass as a minimum:

- (a) a formal statement describing the evaluation process, including the criteria to be used in assessing the performance of students and the appeal mechanisms available. This statement should be available to all students before or at the beginning of the clinical or field experience;
  - (b) a mid-way performance evaluation with feedback to the student;
  - (c) written documentation of the final assessment.
- In addition, for such clinical and field experiences, divisions must ensure that:
- (d) clinical and field assessors are fully informed regarding University, divisional and course policies concerning evaluation procedures, including the specific assessment procedures to be applied in any particular field or clinical setting. Any exception from the above would require a divisional request with explanation for approval by the Governing Council.

### II.5 Grade Review and Approval Process

The following principles and procedures shall govern the grade review and approval process.

- (a) The distribution of grades in any course shall not be predetermined by any system of quotas that specifies the number or percentage of grades allowable at any grade level.
- (b) However, a division may provide broad limits to instructors setting out a reasonable distribution of grades in the division or department. Such broad limits shall recognize that considerable variance in class grades is not unusual. The division may request an explanation of any grades for a course that exceed the limits and hence appear not to be based on the approved grade scales or otherwise appear anomalous in reference to the Policy. It is understood that this section shall only be used when the class size is thirty students or greater. Each division shall make known in the divisional Calendar of any such limits.
- (c) The criterion that the Divisional Review Committee shall employ in its evaluation is whether the instructor has followed the University Grading Practices Policy. The Review Committee shall not normally adjust grades unless the consequences of allowing the grades to stand would be injurious to the standards of the University, or the class in general.
- (d) Membership on the Divisional Review Committee may include students but should not include members of the divisional appeals committees.
- (e) Where grades have been adjusted by a divisional committee, the students as well as the instructor shall be informed. On request, the students or the instructor shall be given the reason for the adjustment of grades, a description of the methodology used to adjust the grades, and a description of the divisional appeal process.
- (f) Where a departmental review committee changes course grades, the faculty office shall be so informed. Having done so, the faculty office shall relay this information, upon request, to the students or the instructor with a description as to the reason for the change and the methodology used.
- (g) Past statistical data, including drop-out rates, mean arithmetic average, etc., should be provided to the Divisional Review Committee as background information where available. The Committee will not use this information exclusively to judge whether a specific grades distribution is anomalous. Rather, the information should provide part of the basis for an overall review of grades in a division.
- (h) Where class grades have been changed, or when the Divisional Review Committee had reservations about the grades, the issue will be taken up with the instructor by the division or department head, with a view to ensuring that the Grading Practices Policy is followed in future.

#### Appeal Procedure

Every division shall establish divisional appeal procedures. Students may appeal grades according to the procedures established for that purpose in the division. The appeal may be made whether marks have been altered by the review process or not. These procedures

shall be outlined in the divisional Calendar, and available upon request at the faculty or registrar's office.

## II.6 Student Access to Examination Papers

- (a) All divisions should provide access to copies of the previous year's final examination papers and other years' papers, where feasible. Exemptions may be granted by an appropriate committee of the division or department.
- (b) All divisions should provide students with the opportunity within a reasonable time to review their examination paper where feasible. A recovery fee should be set to cover administrative costs including photocopying.
- (c) All divisions should provide, in addition to the customary re-reading of papers and the re-checking of marks, the opportunity for students to petition for the re-reading of their examination where feasible. A cost recovery fee should be set and returned where appropriate.

## II.7 Conflict of Interest

Where the instructor or a student has a conflict of interest, or is in a situation where a fair and objective assessment may not be possible, this should be disclosed to the division chair or head who shall take steps to ensure fairness and objectivity.

## UNIVERSITY OF TORONTO CODE OF BEHAVIOUR ON ACADEMIC MATTERS

The Governing Council of the University of Toronto has approved a Code of Behaviour which sets out clearly the standard of conduct in academic matters expected of members of the University community. The Code is enforced by the Provost and the Disciplinary Tribunal. Below are extracts from the Code, covering offences and sanctions as they apply to students. The full text is available from the Office of the Dean & the Registrar.

### Section B Offences

#### B.1 1. It shall be an offence for a student intentionally:

- (a) to forge or in any other way alter or falsify any document or evidence required for admission to the University, or to utter, circulate or make use of any such forged, altered or falsified document, whether the record be in print or electronic form;
- (b) to use or possess an unauthorized aid or aids or obtain unauthorized assistance in any academic examination or term test or in connection with any other form of academic work;
- (c) to personate another person at any academic examination or term test or in connection with any other form of academic work;
- (d) to represent as one's own any idea or expression of an idea or work of another in any academic examination or term test or in connection with any other form of academic work, i.e. to commit plagiarism (for a more detailed account of plagiarism see Appendix A in full text);
- (e) to submit for credit, without the knowledge and approval of the instructor to whom it is submitted, any academic work for which credit has previously been obtained or is being sought in another course or program of study in the university or elsewhere;
- (f) to submit for credit any academic work containing a purported statement of fact or reference to a source which has been concocted.

#### 2. It shall be an offence for a faculty member intentionally:

- (a) to approve any of the previously described offences;
- (b) to evaluate an application for admission or transfer to a course or program study by other than duly established and published criteria;
- (c) to evaluate academic work by a student by reference to any criterion that does not relate to its merit, to the time within which it is to be submitted or to the manner in which it is to be performed.

#### 3. It shall be an offence for a faculty member and student alike intentionally:

- (a) to forge or in any other way alter or falsify any academic record, or to utter, circulate or make use of any such forged, altered or falsified record, whether the record be in print or electronic form;
- (b) to cause by action, threat or otherwise in a classroom, laboratory or examination room a disturbance, which the member knows or ought reasonably to know, obstructs the teaching of a course or the holding of a test or examination.

#### 4. The following are offences to the extent that they relate to the teaching and learning relationship. It shall be an offence for a faculty member alike intentionally:

- (a) to remove or copy or alter stored information such as books, film, data files or purpose than that for which privileges of use or access have been granted;

- (c) to access any University computer, library, or other information storage, processing or retrieval system or any personal academic file without proper authorization.

5. A graduate of the University may be charged with any of the above offences committed intentionally while he or she was an active student, when, in the opinion of the Provost, the offence, if detected, would have resulted in a sanction sufficiently severe that the degree would not have been granted at the time that it was.

### B.II Parties to Offences

#### 1. (a) Every member is a party to an offence under this Code who intentionally:

- (i) actually commits it;
- (ii) does or omits to do anything for the purpose of aiding or assisting another member to commit the offence;
- (iii) does or omits to do anything for the purpose of aiding or assisting any other person who, if that person were a member, would have committed the offence;
- (iv) abets, counsels, procures or conspires with another member to commit or be a party to an offence; or
- (v) abets, counsels, procures or conspires with any other person who, if that person were a member, would have committed or have been a party to the offence.

(b) Every party to an offence under this Code is liable upon admission of the commission thereof, or upon conviction, as the case may be, to the sanctions applicable to that offence.

2. Every member who, having an intent to commit an offence under this Code, does or omits to do anything for the purpose of carrying out that intention (other than mere preparation to commit the offence) is guilty of an attempt to commit the offence and liable upon conviction to the same sanctions as if he or she had committed the offence.

3. When a group is found guilty of an offence under this Code, every officer, director or agent of this group, being a member of the University, who directed, authorized or participated in the commission of the offence is a party to and guilty of the offence and is liable upon conviction to the sanctions provided for the offence.

### C.I. (a) Divisional Procedures

*Note* Where a student commits an offence, the faculty in which the student is registered has responsibility over the student in the matter.

1. No hearing within the meaning of Section 2 of the Statutory Powers Procedure Act is required for the purposes of, or in connection with, any of the discussions, meetings and determinations referred to in Section C.I. (a), and such discussions, meetings and determinations are not proceedings of the Tribunal.

2. Where an instructor has reasonable grounds to believe that an academic offence has been committed by a student, the instructor shall so inform the student immediately after learning of the act of conduct complained of, giving reasons, and invite the student to discuss the matter. Nothing the student says in such a discussion may be used or receivable in evidence against the student.

3. If after such a discussion, the instructor is satisfied that no academic offence has been committed, he or she shall so inform the student and no further action shall be taken in the matter by the instructor, in which case he or she may again proceed in accordance with subsection 2.

4. If after such discussion, the instructor believes that an academic offence has been committed by the student, or if the student fails or neglects to respond to the invitation for discussion, the instructor shall make a report of the matter to the department chair or through the department chair to the dean. (See also C.I. (b) 1.)

5. When the dean or the department chair, as the case may be, has been so informed, he or she shall notify the student in writing accordingly, provide him or her with a copy of the Code and subsequently afford the student an opportunity for discussion of the matter. In the case of the dean being informed, the chair of the department and the instructor shall be invited by the dean to be present at the meeting with the student. The dean shall conduct the interview.

6. Before proceeding with the meeting, the dean shall inform the student that he or she is entitled to seek advice, or to be accompanied by counsel at the meeting, before making, and is not obliged to make, any statement or admission, but shall warn that if he or she makes any statement or admission in the meeting, it may be used or receivable in evidence against the student in the hearing of any charge with respect to the offence or alleged offence in question. The dean shall also advise the student, without further comment or discussion, of the sanctions that may be imposed under

Section C.I. (b), and that the dean is not obliged to impose a sanction but may instead request that the Provost lay a charge against the student. Where such advice and warning have been given, the statements and admissions, if any, made in such a meeting may be used or received in evidence against the student in any such hearing.

7. If the dean, on the advice of the department chair and the instructor, or if the department chair, on the advice of the instructor, subsequently decides that no academic offence has been committed and that no further action in the matter is required, the student shall be so informed in writing and the student's work shall be accepted for normal evaluation or, if the student was prevented from withdrawing from the course by the withdrawal date, he or she shall be allowed to do so. Thereafter, the matter shall not be introduced into evidence at a Tribunal hearing for another offence.

8. If the student admits the alleged offence, the dean or the department chair may either impose the sanction that he or she considers appropriate under Section C.I. (b) or refer the matter to the dean or Provost, as the case may be, and in either shall inform the student in writing accordingly. No further action in the matter shall be taken by the instructor, the department chair or the dean if the dean imposes a sanction.

9. If the student is dissatisfied with a sanction imposed by the department chair or the dean, as the case may be, the student may refer the matter to the dean or Provost, as the case may be, for consideration.

10. If the student does not admit the alleged offence, the dean may, after consultation with the instructor and the department chair, request that the Provost lay a charge against the student. If the Provost agrees to lay a charge, the case shall proceed to the Trial Division of the Tribunal.

11. Normally, decanal procedures will not be examined in a hearing before the Tribunal. A failure to carry out the procedures referred to in this Section, or any defect or irregularity in such procedures, shall not invalidate any subsequent proceedings of or before the Tribunal, unless the chair of the hearing considers that such failure, defect or irregularity resulted in a substantial wrong, detriment or prejudice to the accused. The chair will determine at the opening of the hearing whether there is going to be any objection to defect, failure or irregularity.

12. No degree, diploma or certificate of the University shall be conferred or awarded, nor shall a student be allowed to withdraw from a course from the time of the alleged offence until the final disposition of the accusation. However, a student shall be permitted to use University facilities while a decision is pending, unless there are valid reasons for the dean to bar him or her from a facility. A student upon whom a sanction has been imposed by the dean or the department chair under Section C.I. (b) or who has been convicted by the Tribunal shall not be allowed to withdraw from a course so as to avoid the sanction imposed.

13. A record of cases disposed of under Section C.I. (a) and of the sanctions imposed shall be kept in the academic unit concerned and may be referred to by the dean in connection with a decision to prosecute, or by the prosecution in making representations as to the sanction or sanctions to be imposed by the Tribunal, for any subsequent offence committed by the student. Information of such cases shall be available to other academic units upon request and such cases shall be reported by the dean to the Secretary of the Tribunal for use in the Provost's annual report to the Academic Board. The dean may contact the Secretary of the Tribunal for advice on for information on cases disposed of under Section C.II hereof.

14. Where a proctor or invigilator, who is not a faculty member, has reason to believe that an academic offence has been committed by a student at an examination or test, the proctor or invigilator shall so inform the student's dean or department chair, as the case may be, who shall proceed as if he or she were an instructor, by analogy to the other provisions of this section.

15. In the case of alleged offences not covered by the above and not involving the submission of academic work, such as those concerning forgery or uttering, library or computer material or library or computer resources, and in cases involving cancellation, recall or suspension of a degree, diploma or certificate, the procedure shall be regulated by analogy to the other procedures of this section.

#### **C.I. (b) Divisional Sanctions**

1. In an assignment worth 10 percent or less of the final grade, the department chair may handle the matter if:

- (i) the student admits guilt; and
  - (ii) the assignment of a penalty is limited to at most a mark of zero for the piece of work.
- If the student does not admit guilt, or if the department chair chooses, the matter shall be brought before the dean.

2. One or more of the following sanctions may be imposed by the dean where a student admits to the commission of an offence:

- (a) a written reprimand
- (b) a written reprimand and, with the permission of the instructor, the resubmission of the piece of academic work, in respect of which the offence was committed, for evaluation. Such a sanction shall be imposed only for minor offences and where the student has committed no previous offence;
- (c) assignment of a grade of zero or a failure for the piece of academic work in respect of which the offence was committed;
- (d) assignment of a penalty in the form of a reduction of the final grade in the course in respect of which the offence was committed;
- (e) denial of privileges to use any facility of the University, including library and computer facilities;
- (f) a monetary fine to cover the costs of replacing damaged property or misused supplies in respect of which the offence was committed;
- (g) assignment of a grade of zero or a failure for the course in respect of which the offence was committed;
- (h) suspension from attendance in a course or courses, a program, an academic division or unit, or the University for a period of not more than twelve months. Where a student has not completed a course or courses in respect of which an offence has not been committed, withdrawal from the course or courses without academic penalty shall be allowed;

3. The dean shall have the power to record any sanction imposed on the student's academic record and transcript for such length of time as he or she considers appropriate. However, the sanctions of suspension or a notation specifying academic misconduct as the reason for a grade of zero for a course shall normally be recorded for a period of five years.

4. The Provost shall, from time to time, indicate appropriate sanctions for certain offences. These guidelines shall be sent for information to the Academic Board and attached to the Code as Appendix "C".

#### **C.II. (b) Tribunal Sanctions**

1. One or more of the following sanctions may be imposed by the Tribunal upon the conviction of any student:

- (a) a written reprimand
- (b) a written reprimand and, with the permission of the instructor, the resubmission of the piece of academic work, in respect of which the offence was committed, for evaluation. Such a sanction shall be imposed only for minor offences and where the student has committed no previous offence;
- (c) assignment of a grade of zero or a failure for the piece of academic work in respect of which the offence was committed;
- (d) assignment of a penalty in the form of a reduction of the final grade in the course in respect of which the offence was committed;
- (e) denial of privileges to use any facility of the University, including library and computer facilities;
- (f) a monetary fine to cover the costs of replacing damaged property or misused supplies in respect of which the offence was committed;
- (g) assignment of a grade of zero or a failure for any completed or uncompleted course or courses in respect of which the offence was committed;
- (h) suspension from attendance in a course or courses, a program, an academic division or unit, or the University for a period of time up to five years as may be determined by the Tribunal. Where a student has not completed a course or courses in respect of which an offence has not been committed, withdrawal from the course or courses without academic penalty shall be allowed;
- (i) recommendation of expulsion from the University. The Tribunal has power only to recommend that such a penalty be imposed. In any such case, the recommendation shall be made by the Tribunal to the President for a recommendation by him or her to the Governing Council. Expulsion shall mean that the student shall be denied any further registration at the University in any program and his or her academic record and transcript shall record permanently this sanction. Where a student has not completed a course or courses in respect of which an offence has not been committed, withdrawal from the course or courses without academic penalty shall be allowed. If a recommendation for expulsion is not adopted, the governing Council shall have the power to impose such lesser penalty as it sees fit.
- (j) (i) recommendation to the Governing Council for cancellation, recall or suspen-

- division head, the approval of the Provost, is required.
- (f) Students must be informed of changes to classroom procedures. This may be done by circulating the  
 sion of one or more degrees, diplomas or certificates obtained by any graduate; or  
 (ii) cancellation of academic standing or academic credits obtained by any former student who, while enrolled, committed any offence which if detected before the granting of the degree, diploma, certificate, standing or credits would, in the judgement of the Tribunal, have resulted in a conviction and the application of a sanction sufficiently severe that the degree, diploma, certificate, standing, credits or marks would not have been granted.
2. The jury shall have the power to order that any sanction imposed by the Tribunal be recorded on the student's academic record and transcript for such length of time as the jury considers appropriate.
3. The Tribunal may, if it considers appropriate, report any case to the Provost who may publish a notice of the decision of the Tribunal and the sanction or sanctions imposed in the University newspapers, with the name of the student withheld.

## UNIVERSITY OF TORONTO CODE OF STUDENT CONDUCT

### A. Preface

1. The University of Toronto is a large community of teaching staff, administrative staff and students, involved in teaching, research, learning and other activities. Student members of the University are adherents to a division of the University for the period of their registration in the academic program to which they have been admitted and as such assume the responsibilities that such registration entails.
2. As an academic community, the University governs the activities of its members by standards such as those contained in the Code of Behaviour on Academic Matters, which provides definitions of offences that may be committed by student members and which are deemed to affect the academic integrity of the University's activities.
3. The University sponsors, encourages or tolerates many non-academic activities of its members, both on its campuses and away from them. These activities, although generally separate from the defined requirements of students' academic programs, are a valuable and important part of the life of the University and of its students.
4. The University does not stand *in loco parentis* to its student members, that is, it has no general responsibility for the moral and social behaviour of its students, as if they were its wards. In the exercise of its disciplinary authority and responsibility, the University treats students as free to organize their own personal lives, behaviour and associations subject only to the law and to University regulations that are necessary to protect the integrity and safety of University activities, the peaceful and safe enjoyment of University housing by residents and neighbours, or the freedom of members of the University to participate reasonably in the programs of the University and in activities in or on the University's premises. Strict regulation of such activities by the University of Toronto is otherwise neither necessary nor appropriate.
5. University members are not, as such, immune from the criminal and civil laws of the wider political units to which they belong. Provisions for non-academic discipline should not attempt to shelter students from their civic responsibilities nor add unnecessarily to these responsibilities. Conduct that constitutes a breach of the Criminal Code or other statute, or that would give rise to a civil claim or action, should ordinarily be dealt with by the appropriate criminal or civil court. In cases, however, in which criminal or civil proceedings have not been taken or would not adequately protect the University's interests and responsibilities as defined below, proceedings may be brought under a discipline code of the University, but only in cases where such internal proceedings are appropriate in the circumstances.
6. The University must define standards of student behaviour and make provisions for student disciplines with respect to conduct that jeopardizes the good order and proper functioning of the academic and non-academic programs and activities of the University or its divisions, that endangers the health, safety, rights or property of its members or visitors, or that adversely affects the property of the University or bodies related to it, where such conduct is not, for the University's defined purposes, adequately regulated by civil and criminal law.
7. Nothing in this Code shall be construed to prohibit peaceful assemblies and demonstrations, lawful picketing, or to inhibit freedom of speech as defined in the University.
8. In this Code, the word "premises" includes lands, buildings and grounds.
9. In this Code, "student" means a member of the University
- (i) engaged in any academic work which leads to the recording and/or issue of a mark,

grade or statement of performance by the appropriate authority in the University or another institution; and/or

- (ii) registered in any academic course which entitles the member to the use of a University library, library materials, library resources, computer facility or dataset.
10. In the following, the words "University of Toronto" refer to the University of Toronto and include any institutions federated or affiliated with it, where such inclusion has been agreed upon by the University and the federated or affiliated institution, with respect to the premises, facilities, equipment, services, activities, students and other members of the federated or affiliated institution.
11. In this Code, where an offence is described as depending on "knowing", the offence shall likewise be deemed to have been committed if the person ought reasonably to have known.
12. This Code is concerned with conduct that the University considers unacceptable. In the case of student members of the University, the procedures and sanctions described herein shall apply. In the case of other members of the University, such conduct is to be dealt with in accordance with the established policy, procedures and agreements that apply to the members.

### B. Offences

The following offences constitute conduct that shall be deemed to be offences under this Code, when committed by a student of the University of Toronto, provided that such conduct

- (i) has not been dealt with as failure to meet standards of professional conduct as required by a college, faculty or school; and
- (ii) is not specifically assigned to the jurisdiction of the University Tribunal, as in the case of offences described in the Code of Behaviour on Academic Matters, or to another disciplinary body within the University of Toronto, as in the case of sexual harassment as described in the Policy and Procedures: Sexual Harassment; and
- (iii) occurs on premises of the University of Toronto or elsewhere in the course of activities sponsored by the University of Toronto or by any of its divisions.

#### 1. Offences against persons

- (a) No person shall assault another person sexually or threaten any other person with sexual assault.
- (b) No person shall otherwise assault another person, threaten any other person with bodily harm, or knowingly cause any other person to fear bodily harm.
- (c) No person shall knowingly create a condition that unnecessarily endangers the health or safety of other persons.
- (d) No person shall threaten any other person with damage to such person's property, or knowingly cause any other person to fear damage to her or his property.
- (e) No person shall engage in a course of vexatious conduct that is directed at one or more specific individuals, and that is based on the race, ancestry, place of origin, colour, ethnic origin, citizenship, creed, age, marital status, family status, handicap, receipt of public assistance or record of offences of that individual or those individuals, and that is known to be unwelcome, and that exceeds the bounds of freedom of expression or academic freedom as these are understood in University policies and accepted practices, including but not restricted to, those explicitly adopted. *Note: Terms in this section are to be understood as they are defined or used in the Ontario Human Rights Code.*
- (f) i. No person shall, by engaging in the conduct described in subsection (ii) below, whether on the premises of the University or away from the premises of the University, cause another person or persons to fear for their safety or the safety or another person known to them while on the premises of the University of Toronto or in the course of activities sponsored by the University of Toronto or by any of its divisions, or cause another person or persons to be impeded in exercising the freedom to participate reasonable in the programs of the University and in activities in or on the University's premises, knowing that their conduct will cause such fear, or recklessly as to whether their conduct causes such fear.
- ii. The conduct mentioned in subsection i consists of:
- a. repeatedly following from place to place the other person or anyone known to them;
- b. repeatedly and persistently communicating with, either directly or indirectly, the other person or anyone known to them;
- c. besetting or repeatedly watching the dwelling-house, or place where the other person, or anyone known to them, resides, works, carries on business or happens

to be: or  
d. engaging in threatening conduct directed at the other person or any member of the family, friends or colleagues or the other person.

## 2. Disruption

No person shall cause by action, threat or otherwise, a disturbance that the member knows obstructs any activity organized by the University of Toronto or by any of its divisions, or the right of another member or members to carry on their legitimate activities, to speak or to associate with others.

*For example, peaceful picketing or other activity outside a class or meeting that does not substantially interfere with the communication inside, or impede access to the meeting, is an acceptable expression of dissent. And silent or symbolic protest is not to be considered disruption under this Code. But noise that obstructs the conduct of a meeting or forcible blocking of access to an activity constitutes disruption.*

## 3. Offences involving property

- (a) No person shall knowingly take, destroy or damage premises of the University of Toronto.
- (b) No person shall knowingly take, destroy or damage any physical property that is not her or his own.
- (c) No person shall knowingly destroy or damage information or intellectual property belonging to the University of Toronto or to any of its members.
- (d) No person, in any manner whatsoever, shall knowingly deface the inside or outside of any building of the University of Toronto.
- (e) No person, knowing the effects or property to have been appropriated without authorization, shall possess effects or property of the University of Toronto.
- (f) No person, knowing the effects or property to have been appropriated without authorization, shall possess any property that is not her or his own.
- (g) No person shall knowingly create a condition that unnecessarily endangers or threatens destruction of the property of the University of Toronto or of any of its members.

## 4. Unauthorized Entry or Presence

No person shall, contrary to the expressed instruction of a person or persons authorized to give such instruction, or with intent to damage or destroy the premises of the University of Toronto or damage, destroy or steal any property on the premises of the University of Toronto that is not her or his own, or without just cause knowingly enter or remain in or on any such premises.

- (b) No person shall knowingly gain access to or use any University computing or internal or external communications facility to which legitimate authorization has not been granted. No person shall use any such facility for any commercial, disruptive or unauthorized purpose.  
*Appropriate uses for University connections to external networks are described, for example, in the policy document "Appropriate Use Policy for the Network".*
- (c) No person shall knowingly mutilate, misplace, misfile, or render inoperable any stored information such as books, film, data files or programs from a library, computer or other information storage, processing or retrieval system.

## 6. False charges

No person shall knowingly or maliciously bring a false charge against any member of the University of Toronto under this Code.

## 7. Aiding in the Commission of an Offence

No person shall counsel, procure, conspire with or aid a person in the commission of an offence defined in this Code.

## 8. Refusal to comply with sanctions

No person found guilty of an offence under this Code shall refuse to comply with a sanction or sanctions imposed under the procedures of this Code.

## 9. Unauthorised possession or use of fire arms or ammunition

No person other than a peace officer of a member of the Canadian Forces acting in the course of duty shall possess or use any firearm or ammunition on the premises of the University of Toronto without the permission of the officer of the University having authority to grant such permission.

## C. Hearing Procedures

Anyone who believes an offence under this Code has been committed, may initiate a complaint by bringing the matter to the attention of the principal of the college or dean of the

faculty of the student who is alleged to have committed the offence.

## D. Sanctions

The following sanctions or combinations of them may be imposed upon students found guilty of committing an offence under this Code.

Penalties that directly affect a student's registration in a program, such as suspension or the recommendation for expulsion, may be imposed only where it has been determined that the offence committed is of such a serious nature that the student's continued registration threatens the academic function of the University of Toronto or of any of its divisions or the ability of other students to continue their programs of study.

In addition, students found guilty may be placed on conduct probation for a period not to exceed one year, with the provision that one or more of the following sanctions will be applied if the conduct probation is violated.

1. Formal written reprimand
2. Order for restitution, rectification or the payment of damages
3. A fine or bond for good behaviour not to exceed \$100
4. Requirement of public service work not to exceed 25 hours
5. Denial of access to specified services, activities or facilities of the University for a period of up to one year
6. Suspension from registration in any course or program of a division or divisions for a period of up to one year
7. Recommendation for expulsion from the University

Copies of the complete Code, including "Hearing Procedures", may be obtained from the offices of college principals or deans and directors of faculties and schools, or the Office of Student Affairs, Room 107, Simcoe Hall.

## ACCESS TO STUDENT ACADEMIC RECORDS

The University of Toronto has established an official policy on Access to Student Academic Records. The full text is available in the Office of the Dean, and the Registrar. The extracts published below provide an overview of the main points of the policy.

### 1. Definition of Official Student Academic Records

- (a) Registration and enrolment information; fees forms; basis for a student's admission such as the application and supporting documents.
- (b) Results for each course and academic period.
- (c) Narrative evaluations of a student's academic performance, used to judge his/her progress through an academic program.
- (d) Results of any petitions and appeals filed by a student.
- (e) Medical information relevant to a student's academic performance which has been furnished at the request or with the consent of the student concerned.
- (f) Letters of reference which may or may not have been provided on the understanding that they shall be maintained in confidence.
- (g) Personal information which is required in the administration of academic records such as name, address, telephone number, citizenship, social insurance number.

### 2. Access to Official Student Academic Records

#### (a) Access by a student

Upon written request a student may, within 30 days of the receipt of the request, examine and have copies made of his/her academic record as defined above, with the exception of letters of reference which have been provided on the understanding that they shall be maintained in confidence.

A student may, however, be advised of the identity of the authors of any confidential letters contained in his or her official academic record.

A student has the right to challenge the accuracy of his or her official student academic record with the exception of those portions of the record which comprise letters of reference that have been provided or obtained on the expressed or implied understanding that they shall be maintained in confidence, and to have his or her official student academic record supplemented with comments so long as the sources of such comments are identified and the official student academic record remains securely within the custody of the academic division.

#### (b) Access by alumni and former students

An alumnus or alumna or a former student may examine and have copies made of the portion of his or her official student academic record as defined in Section 1 above. Requests must be made in writing and the division shall respond within 30 days of receipt of the request.

#### (c) Access by University Staff and members of official University councils and

### **standing committees**

Members of the teaching and administrative staff of the University and members of official University and divisional councils and committees shall have access to relevant portions of an official student's academic record for purposes related to the performance of their duties. A staff member requesting information must have a legitimate need to have the requested information for the effective functioning of the position or office.

Access to medical information as defined in 1(e) above shall be granted to members of the teaching and administrative staff only with the prior expressed or implied consent of the student.

#### **(d) Access by University campus organizations**

Recognized campus organizations in the University of Toronto shall have access to registration and enrolment information as well as to the sessional address and telephone number of students named by that organization for the legitimate use of that organization. The campus organization must agree to use the name and address information only for the specific purpose for which it was provided.

#### **(e) Access by others**

By the act of registration a student gives implicit consent for a minimal amount of information to be made freely available to all enquirers:

- the academic division(s), degree program(s) and the sessions(s) in which a student is or has been registered
- degree(s) received and date(s) of convocation.

Any other information contained in the official student academic record (with the exception of confidential letters of reference), shall be released to other persons and agencies only with the student's prior expressed written consent, or on presentation of a court order, or otherwise under compulsion of law.

#### **(f) Refusal of access**

The University reserves the right to withhold access to the statements of results and transcripts of students, alumni and former students who have outstanding debts or obligations to the University in accordance with the Policy on Academic Sanctions for Students Who Have Outstanding University Obligations.

*The above is a condensation of the University of Toronto Policy on Access to Student Academic Records. The full text is available in the Office of the Dean.*

## **POLICY ON AUDITING OF COURSES**

### **Definition**

An auditor may attend lectures and other class meetings, to take part in class discussions, and receive written confirmation of attendance. An auditor will not receive evaluations of participation, and will not be allowed to submit assignments or write examinations and tests, except by special and express permission. The University's Code of Student Conduct will apply to auditors.

### **Priority for Access to Courses**

In all cases, students registered in the University will have priority over students who are not registered. Consideration for access to courses as auditors will be given in the following order:

**In all cases students registered in the University who wish to audit courses have priority over students who are not registered in the University.**

### **Registered students who wish to audit.**

1. Students who are registered and who are counselled to audit a course have priority over students who seek to audit without counselling or other academic endorsement.
2. Students registered in the University and in the faculty in which the course will be audited have priority over registered students from other faculties.
3. Students who are registered in the University or who have graduated from the University, and who are counselled to audit a course have priority over students who seek to audit without counselling or other academic endorsement, and over other applicants or admission who wish to audit courses.

### **Non-registered students who wish to audit**

4. Students from other universities who are counselled to audit a course have priority over students who seek to audit without counselling or other academic endorsement.
5. All other persons who wish to audit.

### **Divisional Discretion**

1. No faculty, school or college is required to make courses accessible by any individual as an auditor except when it has counselled a registered student to audit the course.
2. If a faculty, school or college does make courses accessible by auditors, it will follow

this policy, and may restrict access to:

- a. Student registered in the faculty, school or college
  - b. Students registered in the University
  - c. Students who do not wish to receive Certificates of Attendance.
3. If a faculty, school, or college decides to make courses accessible by auditors, the final determination of whether or not a person should be allowed to audit and whether or not space is available or an auditor in the course will be made by the instructor, except when the course has been formally filled.
  4. If a faculty, school or college decides not to make courses accessible by auditors, instructors do not have discretion to allow auditing in their individual courses.

### **Certificates of Attendance**

1. A faculty, school, or college may issue Certificates of Attendance to auditors who have attended at least 75 % of the meetings of the class.
2. Students who wish to receive a Certificate of Attendance must accordingly notify the instructor in writing at or before the first meeting of the class, otherwise the faculty, school, or college is under no obligation to issue a certificate.
3. Records of attendance must be kept for students who wish to receive a Certificate of Attendance.
4. No credit will be given for a Certificate of Attendance if an auditor later registers or re-registers in the course or in the University. Certificates of Attendance will not be part of the Official Student Academic Record.
5. Certificates of Attendance may be issued only once. Replacements will not be issued.

### **Fees**

1. Students registered in the University and employees of the University will not be charged an audit fee for auditing except in cases where Certificates of Attendance are requested.
2. Auditors who are not registered in the University or are not employees of the University will be charged an audit fee at a minimum of 40% of the respective tuition fee for registered students, as will students who are registered in the University and employees of the University who request Certificates of Attendance.
3. Revenue from auditing fees will be divisional income, and will be collected by the division.
4. All auditors will be charged the same administrative user fees and cost-recovery fees as registered students. Costs of supplies, field trips, and any costs and incidental expenses shall be met by all auditors even in cases where University and Ministry policies prohibit such fees for registered students.
5. The auditing fee is for auditing only. Non-registered students who wish to use other University services (for example, the University of Toronto Library) may have access to them on terms normally available to members of the community at large.
6. Audit fees must be paid by October 1, February 1, and July 1 in each session respectively. Audit fees will not be refunded.
